FV700-PS01
AI Vending Machine

•Edge AI Recognition **•Large Capacity**

The FV700 is an AI vending machine product launched by InHand in response to the market demand for unmanned retail self-service vending terminals.

The FV700 stands out as a high-quality, Design for drinks, large-capacity single-door AI vending machine.

It offers a diverse range of goods, providing consumers with abundant choices. With its spacious storage capacity, the FV700 minimizes restocking frequency, enhancing convenience for operators.
And featuring an open-door shopping sales method, the FV700 encourages increased purchases from consumers, resulting in higher profits for merchants.
Additionally, its comprehensive features, sturdy construction, and efficient wind-cooled unit ensure worry-free operation and energy efficiency for operators.

At the same time, combined with the InVending intelligent vending cloud management platform, operators can achieve remote monitoring and efficiently realize the digitalization needs of operations.

Office Area
Provide Energy First Time

Factory
24/7 Uninterrupted Supply

School
Sharing Health and Happiness

Always by your side

Airport
Relax and wait with delicious

Features and Benefits

● Product Excellence

Expanded Storage
Holds twice as much as traditional machines for bigger profits.

Effortless Mobility
Lightweight design for cost-effective transport.

Visual Identity
Advanced video recognition boosts sales.

Open beverage machine
Open shelving accommodates a variety of drink sizes and eliminates clogging.

● Hardware Core & Technical Support

Edge side AI algorithrn
Ensures instant, precise order processing for an improved customer journey.

Constant Connectivity
Maintains 24/7 operation, ensuring uninterrupted business.

Trusted Quality
Built with materials from leading manufacturers for lasting durability.

Dedicated Support
Offers prompt, expert assistance for any issue.

● AI Vending Machine Management System

Providing software to offer remote management capabilities for merchants, aiming to enhance operational efficiency , enabling operators to sell more and spend less.

Always Accessible:
Stay in control, anytime, anywhere, with real-time insights into your vending machine's status, ensuring your business never misses a beat.

Simplified Workflow:
Our user-friendly interface simplifies complex tasks, saving you time and allowing you to focus on growth..

Remote Functionality:
Adjust settings, pricing, and promotions remotely to maximize profitability and cater to your customers' needs with precision.

Data-Driven Decisions:
Make informed decisions with our comprehensive reporting tools that provide insights into sales trends and customer behavior..

Product Specifications

BO-VISI-820	
Quantity	1/Each
Width	24 3/4 Inches
Depth	22 Inches
Color	Black
Container Size	20 -25 0unces
Features	Made in America
Material	Plastic
Number of Lanes	8 Lanes
Shape	Rectangle
Style	Adjustable For Single Shelf
type	Spring Fed Organizers
